

Tedeschi Winery

The name of the Tedeschi family is deeply rooted in the history of the Valpolicella Classica wine region with a history that spans nearly 4 centuries.

The first documents relating to the estate date back to the 17th century and since the 1630's the family have worked within the region shaping and influencing its vineyards and landscape. Today their association with Valpolicella, its terroir, and its leading wines is recognised worldwide.

Tedeschi Winery is truly a premium family owned and run winery producing their renowned classic Veronese wine collection, comprising of Valpolicella, Amarone, Ripasso and their Soave. Lorenzo Tedeschi devoted his life to building the family business. He focussed on research and innovation as well as the expansion of the premium vineyard sites. The Family have owned the Monte Olmi vineyard since 1918 and produced Recioto until the 60's when Lorenzo started using the grapes to produce Amarone. Then 1964 he decided to vinify the grapes separately and to mention the famous single vineyard on the label. Today Antonietta, Sabrina and Riccardo carry the legacy of the family run business forward. They have further invested in the new vineyard sites of La Fabriseria in Pontare and Maternigo Vineyard in the Eastern part of Valpolicella.

The Vineyards and Estates

La Fabriseria is located in Pontare at an altitude of 450 metres and covers an area of 7 hectares. It overlooks the entire Valpolicella Classica valley as well as the city of Verona and Lake Garda. The name "Fabriseria" is derived from the word for a local Veronese parish council belonging to the village Catholic Church. The Tedeschi's grandfather, Riccardo, was a councillor (or "Fabbricere") and it was a custom for the councillor to bring a bottle of their best wine to propose a toast at the end of each meeting. In honour of their grandfather, Tedeschi have named their best wines Amarone La Fabriseria and Valpolicella Classico Superiore La Fabriseria, both produced from grapes from this vineyard.

Monte Olmi was bought by the Tedeschi Family in 1918 and is situated in Pedemonte di Valpolicella in the heart of Valpolicella Classica. The south-west facing vineyard covers 2.5 hectares of morainal, red clay and calcareous soils. The vines are planted on slopes between recently restored, dry stone walled terraces, known as “marogne”.

Tenuta Maternigo, meaning “land of the mother”, is a property in Valpolicella DOC between the municipalities of Tregnago and Mezzane di Sotto and bought by Tedeschi in 2006. The estate was chosen after extensive research which showed that the soil was particularly suitable for the Valpolicella varieties. The property covers 84 hectares of which 31 are under vine and planted on south-east and south-west facing

slopes at altitudes between 200 and 450 metres. The grapes for Maternigo Valpolicella Superiore are all sourced from the single vineyard of Impervio, so named because of its challengingly steep terrain.

Lucchine Vineyard is in Pedemonte in the heart of Valpolicella Classica. New facilities for drying grapes were completed in July 2007. They are located close to the vineyard and considered to be state of the art in Valpolicella.

Tedeschi are also part of the ten founding members of the Amarone families association (**Famiglia del’Amarone d’Arte**) which work together to promote the quality of Amarone – one of the world’s best known Italian wine styles.
