

JUAN TORRES MASTER DISTILLERS

BARCELONA

1928

JUAN TORRES – Penedès, Spain

Since 1928, the tenacious approach of Torres Master Distillers have made them one of the world's leading Spanish Brandies.

Torres Brandy is the result of almost a century-old mastery in the art of distilling in the Torres Family, as well as the tenacious pursuit of perfection. In 1928, Juan Torres Casals began the development of vintage brandy aged in oak from the best white wines of Penedès (Barcelona). The work of Juan Torres was soon recognised and his brandies became synonymous with quality.

Today, the constant search for excellence relies on the expertise of people like Matías Llobet, Master Distiller for thirty years, who has perfected the art of distillation, creating brandies with their own character and elegance through his dedication, passion and patience.
